

SYED SHAHUL AHMED

Nellore, Andhra Pradesh, India • 7416044577 • syedshahul737@gmail.com

Portfolio: shahul.vercel.app

SUMMARY

Proficient in JavaScript, Python, and React.js with a strong foundation in Java. Experienced in developing responsive, full-stack MERN applications using React.js, Node.js, Express.js, and Tailwind CSS. Skilled in Git, Postman, Vercel, Render, and Figma for efficient development and deployment. Currently pursuing a B.Tech in Artificial Intelligence & Data Science with strong academic and project experience.

TECHNICAL SKILLS

Programming Languages: JavaScript, Python, C (Basics), Java

Libraries / Frameworks: React.js, Node.js, Express.js, Git, HTML5, CSS3, Tailwind CSS

Database: MongoDB, MySQL, Mongoose

Tools & Platforms: Postman, Vercel, Render, Figma, GitHub

Additional Skills: RESTful API Development, JWT Authentication, Responsive Web Design, Version Control (Git), Deployment & Debugging

PROJECTS

MediaVerse

[React.js](#), [Node.js](#), [Express.js](#), [MongoDB](#), [Tailwind CSS](#)

A dynamic and visually engaging full-stack MERN application for tracking and organizing movies, series, anime, books, and games seamlessly.

- Integrated JWT authentication for secure and personalized user experiences
- Designed an interactive dashboard featuring badges, activity tracking, and Analytics Dashboard
- **Link :** *MediaVerse*

Postify

[React.js](#), [Tailwind CSS](#), [Appwrite](#)

A dynamic and user-friendly web application for seamless post management with secure authentication

- Implemented Appwrite for robust user authentication and efficient database handling
- Enabled users to effortlessly create, edit, and delete posts with a smooth interface
- **Link :** *Postify*

Simple Netflix Clone

[React.js](#), [Tailwind CSS](#), [Firebase](#)

A Streamlined Web Application for Movie Browsing and User Authentication GitHub

- Integrated Firebase for secure user authentication and real-time database functionalities
- Designed responsive layouts for an engaging and consistent user experience across devices
- **Link :** *Netflix_Clone*

EDUCATION

Bachelor of Technology in Artificial Intelligence & Data Science

October 2022 – Currently Pursuing

NBKR Institute of Science and Technology Tirupati, India

• 8.87/10

CERTIFICATIONS

- DevOps on AWS – X-Series Program
- Python Basics for Data Science
- Privacy and Security in Online Social Media
- Google Cloud Computing Foundation
- Artificial Intelligence Fundamentals - IBM
